Report Point of Contact

* (required) First Name

Chris

* (required) Last Name

Postel

* (required) Email Address

clerk.scnrcd@gmail.com

* (required) Phone Number

520-220-1221

District Information

Please provide your District's specific Mission Statement

Supporting practices and policies that are economically feasible, socially acceptable and environmentally responsible, and helping to provide financial and technical assistance to cooperators through collaboration with others.

What is the projected Local Working Group meeting date or range of dates for the upcoming year?

May 1, 2023

Supervisors

Please list all elected and appointed Supervisors (Check 'Add additional Supervisor' to add more)

* (required) Name

Stephen Williams

* (required) Title

Chair

* (required) Name

Bill Schock

* (required) Title

Vice Chair

* (required) Name

Dan Bell

* (required) Title

Treasurer

* (required) Name

Andy Jackson

* (required) Title

Other

* (required) Name

* (required) Title

Open Supervisor Position

Other

*(required) As officials of the Conservation District, identify any external partnership meetings that were attended

NRCS Local Workgroup Meeting, AACD Summer & Winter meeting, Sentinel Landscape, Cienega Watershed Partnership.

Natural Resource Priorities

Identify the District's resource priorities and concerns for the **upcoming fiscal year 2023**.

*(required) Resource Priorities (Select top 3)

Available

- Air Quality
- Energy Use
- Fish and Wildlife
- Hazardous Fuels Mitigation
- Resource Assessment
- Range Management
- Watershed

Selected

- Inadequate Livestock and Water Availability
- Soil Erosion
- Other

*(required) Other Resource Priorities

Brush encroachment, noxious plant and pest removal

*(required) Please cite data or scientific studies that you used to develop your upcoming District's priorities:

2018 Cooperator Questionnaire and an Introduction to Erosion Control by Bill Zeedyk.

i.e. NOAA rainfall data, local examples of rock dam effectiveness, personal observations, professional research.

*(required) Identify partners you may collaborate with in addressing these priorities:

Available

- Arizona Department of Forestry and Fire Ma...
- Arizona State Parks and Trails
- Arizona State University
- Fire Districts
- Local Government
- Non-Profit Organization

Selected

- Arizona Department of Agriculture
- Arizona Department of Environmental Quality
- Arizona Department of Game and Fish
- Arizona Department of Water Quality
- Arizona State Land Department
- Bureau of Land Management

Northern Arizona University

Local NRCS

Please upload a photograph/info graph of a resource concern

Title	File Size
Resource Concern - DSCN1436 - Small	55.67 KB

2023 Natural Resource Priority Projects or District Programs

Natural Resource Projects are those intended to address specific, identified natural resource concerns in the district area. This includes cost-share, grant funded, or/and collaborative programs.

District Programs are those supporting basic district operations, education and outreach with landowners, engagement with other processes and entities to advance the work of the district, etc. This includes cost-share, grant funded, or/and collaborative programs.

For questions on Projects or Programs, review the Frequently Asked Guide. You can add as many projects or programs as you like by clicking Add additional project/program at the bottom.

Note: These projects/programs can address the priorities listed above.

*** (required) What type is this?**

- Natural Resource Project
 District Program

* (required) What is the title for this project/program?

Rangeland Monitoring

* (required) Describe in two to three sentences, the goals for this project/program area

The Santa Cruz NRCD provides monitoring on 20 vegetative transects yearly on District ranches. The focus is on National Forest grazing permittees and the data gathered can be used to defend renewal of grazing permits against actions of litigious environment groups which have a goal of removing livestock grazing from rangeland.

i.e. Project: Reduce soil loss and improve water quality in the Little Colorado River watershed by November 2022. Program: Facilitate a workshop on range land improvements.

* (required) Describe the project/program specific measurable objectives

Fund and monitor 25 transects.

i.e. Project: Restore 11 acres in the Little Colorado River watershed by November 2022. Program: Facilitate a total of 3 workshops in the District by November 2022.

Project / Program Plan

*** (required) Does the District or Education Center have a plan for the implementation of the project/program?**

- Yes
 No

Due to the District or Education Center not having a plan for implementation of the project/program, please provide this information

* (required) Person Responsible

* (required) Estimated Budget

* (required) Target Date

Jim Koweek

\$6,500.00

Dec 31, 2022

Notes

Partner with NRCS to select transects, manage project and prepare final report.

Anticipated Funding Sources

* (required) Check all that apply and you'll be required to enter an amount (zero is the default amount)

Available

Selected

- Federal
- Local Government
- Non-Profit
- Private Donations
- State
- In kind
- Volunteer

- District

All anticipated funding sources should be entered as whole numbers with two decimal places (i.e. 123.44). Do not enter the dollar symbol (\$).

District

\$6,500.00

Total

\$6,500.00

* (required) This report is a complete and accurate statement of future work
